Dear Mrs Treadwell

Just to say thank you very much for inviting me into your school to have a look at the wonderful work you are carrying out in relation to the Gospel Virtues and British Values.

The work that is being produced by the children and the ideas that you were able to share with me were invaluable to helping me launch this with the staff at my school.

As I was brought around the school, the children's attitude to work and behaviour were excellent and you could see that they were keen to learn.

A real credit must be expressed to your staff for all of their hard work too in producing such high quality displays.

Thank you again for sharing – we are very 'grateful' for this and hope that we can mirror your successes. If ever we can return the favour, please feel free to contact me.

Many thanks and Kind regards

Mrs Foley
