The End of Year Results at St. Joseph's

Dear Parents/Carers,

We are writing to you to share with you the outstanding results across the school from the summer. As some of you will know, our results in 2016 showed that the school was achieving above the national average in England and Wales for all subjects, and higher than many schools' results across Birmingham for both Key Stage One and Two. In the Early Years, the results were above the national and Birmingham averages.

We are very pleased to share the results of summer 2017 with you. Across the board the children have performed amazingly well and we are incredibly proud of both their efforts and their progress. This is especially true due to the higher demands on the children this year. As you will see once again the children in the Early Years have achieved well. The children who are in receipt of free school meals have achieved well also, and this is a major indicator for the government following the additional funding we have received as Pupil Premium money.

The table overleaf shows our results in comparison with all schools in England, Wales and Birmingham. As you will see this is a fine indication of how hard the children and staff have worked. We would also like to thank all of our parents and carers for your support in all school activities, workshops and with homework.

If you have any questions about the SATs results in the table, please don't hesitate to contact me or Mrs Treadwell for more information.

Thank you for your ongoing support,

Mrs M. Baines
Chair of Governors.

Mrs A. Treadwell
Head Teacher.
