Photographic & Digital Media Consent Form

In line with Data Protection regulations we are required to keep on file specific consent for taking and using your child's photograph in school. This may be for a range of purposes all of which are listed below and it is important that you read the list carefully and give consent accordingly.

*Our policy is to follow the Department of Education (DfE) advice: "If the pupil is named, avoid using the photograph. If the photograph is used, avoid naming the pupil." We will not use children's full names alongside their photographs in the school's own printed publications, on the school website or in video films. However, pupils' first names may be used on some printed documents, for example the Sacramental booklets. With regard to the Press, the school will allow local newspapers to take photographs of children, when appropriate, **provided that parental consent has been given**. Some newspapers insist that children's names must be published with their photographs. In this instance we will contact you for specific permission.*

If you would like any further information, please do not hesitate to contact us.
