Transition Days – Y6 to Y7.

Geography – Energy and

Fossil Fuels G1, G5, G9, G10, G11

Fossil fuels are a finite resource. Renewable energy is an area of global development. In the U.K. we import energy. Wars/conflict can have an impact on availability of energy. The way we use energy impacts on the environment. Low emissions/clean air zones in the U.K. attempt to minimise the negative effects of burning fossil fuels.
